

## TELEGRAPHIC.

Winnipeg, August 15th.  
Hon. Edward Blake sailed for Canada to-day.  
The farmers of Manitoba are busy wheat harvesting.  
Crops are totally destroyed in Steele Co., Minnesota, by a cyclone.  
Titus broke the ten mile bicycle record yesterday. Time 20:58 4-5.  
A boy was killed by the cars near Rosenfeldt, Manitoba, yesterday.  
A storm on Tuesday demolished a large house near this city injuring two men.  
Ex-State Treasurer Taylor, of South Dakota, who was sentenced to five years as a convict in St. Vincent de Paul penitentiary has been acquitted \$25,000, and now his pardon is advocated.

Battleford, Aug. 15th.  
Several miners and river traders are in town at present.

Weather continues very propitious to crops. Minimum temperature so far 41.  
Jas. Clinskil, M. L. A., leaves to-morrow for Regina to attend the session of the assembly.

Prince & Skelton are making a shipment of several hundred head of cattle to Liverpool next week.

No trace has yet been found of the little Smith girl lost on the prairie some weeks ago. Several parties are searching for her.

Rev. Father Cochen passed last Tuesday on his way to Duck lake with several Indian children for the Industrial school at that place. On his return he will bring his mother and sister who have come from France to visit him. He has not seen either of them for a good many years.

Our contingent of visitors to Regina fair has now returned well pleased with what they saw. Along with them come some fine thoroughbred stock and horses, some of which however had particularly bad luck, as two of them died on the way from Saskatoon to here. One was a prize bull weighing 2,300 pounds bought by R. G. Speers, the other was a pedigree colt purchased by A. McKenna. Both animals were being brought in by their owners with all the care and slow travelling possible.

## LOCAL.

Fine ripening weather to-day.  
Train 15 minutes late leaving Olds.

W. H. CUSHING returned to Calgary on Tuesday.

DAN McNAMARA returned from Regina on Monday's train.

WRIGHT & McCALLUM, traders, start for Lac la Biche to-day.

MR. and MRS. AL. BROWN returned from Regina on Monday's train.

J. R. FULTON, of the Imperial bank, returned on Monday's train from a trip east.

MR. and MRS. JACKSON, of the Queen's, returned from Winnipeg and Regina on Monday's train.

R. McKERNAN, president of South Edmonton agricultural society, returned from Regina on Monday's train.

E. F. HUTHINGS who had been visiting in Edmonton for the past week returned to Winnipeg on Tuesday's train.

MR. PIERCE, late of Pigeon & Deggeendorfer, architects, is now in Rossland, B. C., and reports times good there.

K. W. MACKENZIE, principal of Edmonton public school, arrived on Monday's train, and commenced his duties on Tuesday.

MR. and MRS. MERVYN MACKENZIE, of South Edmonton, who have been visiting for the last three months in the old country, returned home on Monday's train.

INNSFAIR had an excellent exhibit at the Regina fair. It included a 300 pound cheese, fine grasses and grains, and an excellent collection of animals' heads nicely mounted.

C. W. STEEVES of Moncton, N. B. who was among the number that came up on the Ontario-Northwest excursion to look over the country, started home on Tuesday morning train.

FOURTEEN settlers came north on Monday's train. Four from the provinces and ten from the States. Nine came to Red Deer, one to Innisfail, three to Lacombe and one to Leduc.

J. A. CALDER, school inspector, arrived on Monday's train to commence an inspection of the schools between Edmonton and Calgary, which he did not visit before. He started for Ponquet school district near Sandy lake on Wednesday.

ONE car of stone from Calgary for K. A. McLeod, one car of exhibits from Regina, one car of merchandise from Montreal for Garpey & Chenier, one car of sundries from Winnipeg for Ross Bros., and two way cars arrived on Monday's train.

THE Regina Leader speaking of the Territorial exhibition says that the Northwest government gave \$5,000 "and another \$5,000 we believe to come." If it does "come" it will be another instance in proof that the fool and his money are soon parted.

THE Regina Standard published a daily edition during the exhibition week at Regina, and its weekly issue of August 8th is by all odds the clearest and most complete account of the events of the exhibition which has appeared. Other papers printed it all but it was difficult to find head or tail to the reports. The Standard's arrangement is excellent.

THE following is the very attenuated explanation given by Lieutenant-governor Mackintosh for keeping his show open on Sunday: In regard to what you tell me concerning the Exhibition being open on Sunday, I will say this: It was done, as I understand, in order that His Grace Archbishop Langevin could hold service in one of the large tents. I only wish all the clergy had done the same thing. Personally I do not think the cause of Christianity suffered by those who were busily engaged through the week dropping into the Exhibition on Sunday. There has been no quarrelling or drunkenness on the grounds, but a thorough union of the people of all districts who will know each other and profit thereby.

DR. McINNIS returned from Regina on Monday's train.

C. BRINDLEY's steam dredge will be ready to work this week.

MR. McNAMARA, senior, returned from Calgary on Monday's train.

F. DEGENDORFER, architect, has removed to P. Heinicke's real estate office.

J. R. TRUMBULL, secretary of the Edmonton agricultural society, returned from Regina on Monday's train.

THOS. ANDERSON, late land agent at Edmonton, and his daughter, Mrs. Braithwaite returned from a trip east on Monday's train.

THE Macleod Gazette of August 9th says: Quite a number of immigrants passed through town this week on their way north.

METHODIST Sunday school picnic on Saturday, Aug. 17th, at Groat's grove. Buses will leave the Methodist church at 9:30 and 1:30 for the grounds for the accommodation of any wishing to have an afternoon's fun.

J. A. CAMPBELL, secretary of the Edmonton Creamery Co., has received a letter from McMillan & Hamilton, of Vancouver, B. C., to whom the last shipment of creamery butter was consigned. They say the market is weak and prices low and mention that creamery butter is quoted at 13c. at some Manitoba points. They suggest that some of the butter be put up in pound blocks, as is done by the Red Deer creamery for which they think they could get better prices than for tub butter at present.

THE Northwest Territories Gazette of Aug. 1st, which arrived on Monday's train, contains the following announcement: "And whereas it is desirable that the holding of the first Territorial exhibition should be observed by all schools in the Territories. Now know ye that, under the authority vested in us as aforesaid, we do hereby appoint Friday the second day of August next as a holiday, to be observed by all schools throughout the Territories as Exhibition Day." This certainly does beat the band.

Regina Standard: The big ring event at exhibition park this morning was the quarter-mile foot race between Moosewa and Allan. No event since the opening of the fair attracted greater interest, if the amount of money wagered is a criterion; and it is probable that the crowd in the grand stand this morning was drawn largely by the foot race. About \$6,000 worth of pools were sold on the result, and there were in addition many side bets. The race was close, Allen winning by about two feet in 51 seconds. As a matter of fact Moosewa ran faster. He got left fully five feet on the start, and having the outside course he ran further in rounding the turn.

JUDGMENT was received by last mail in the case of McPhee et al. vs Hutton, which was dealt with at last court. The action was to recover the price of a certain amount of foundation stone delivered by plaintiff as agent for the mortgagee to defendant. Defendant disputed the amount of stone, which was not built into a wall and was therefore difficult to measure. The judge accepted the evidence of the plaintiff as to the amount of the stone, and that the mortgagee had given him full power to sell. Judgment for plaintiff for amount claimed and costs. C. M. Woodworth for plaintiff, P. L. McNamara for defendant.

JOHN PETERS and Thos. Bender who arrived from Nebraska on Monday's train of last week for the purpose of spying out the land, returned home on Tuesday's train well satisfied with what they had found, and intending to return in the fall. They are Germans and have been settled in Nebraska for two or three years. They find the country there is not up to their expectations and they, with a large number of others who settled with them in Nebraska from Europe, were desirous of removing to some better region. They visited Beaver hills, Egg lake and Stony Plain. They are acquainted with some of the German settlers on Stony Plain, and were much struck by the progress the people here had made. The settlers in Nebraska whom they represent are fairly well off—and they believe that on their representations enough will remove to Edmonton to settle a whole township. Their choice will be Stony Plain or Egg lake south east of Victoria.

THE Edmonton creamery has been leased from the end of the present week for the remainder of the season, that is until October 1st, to the butter maker, T. C. Makinson, who will haul the cream and make the butter on alternate days. This arrangement has been rendered necessary from the fact that the supply of cream was not sufficient to pay the supply and was not likely to increase from this time forward. The low export price of butter has a good deal to do with the decrease in the supply of milk. First class dairy butter has been sold in town to customers at 15c. to 20c., while patrons of the creamery were only getting 10c. clear of expenses of making. Therefore patrons of the creamery figure that they are losing from five to ten cents a pound on their butter. On the other hand if all patrons of the creamery made their butter at home the larger amount would break the price down home market; or if the output of the creamery were put on the local market the result would be the same. The creamery making butter for export is the only reason why the local market has kept up to its present figures. But this is a case in which all benefit by the enterprise of a few and the few are getting tired. The case as it stands may be put this way. More butter is or should be made in the Edmonton district than the local market will use up. As long as it is made in the home dairy it cannot be exported, and until there is an export outlet, the home market will be glutted and the price will be low and uncertain. Creamery butter can be exported and the successful working of a creamery here means an outlet for such a proportion of the total butter making capacity of the district that all good butter will find a market and a price either export or local. But in order that a creamery may be run it must be patronized and if each farmer thinks he can do better by making his butter at home, then the creamery must close down, the home market will be glutted and neither he nor his neighbors will get sale for their butter.

A SOCIAL pic-nic is being held to-day at a point north the river.

THE steam gold dredge is expected to start work this afternoon.

A PARTY of five men from the Athabasca returned to South Edmonton on Wednesday. They had done nothing owing to high water and were going back as soon as the water was low enough.

THE annual summer treat for the All Saints Sunday school will be held Saturday at 2 p. m. on the church grounds. Friends of the children and members of the congregation are invited to be present.

ESSERY & ALLEN, South Edmonton, received a carload of horses on last Thursday's train from the Walrood Ranch Co. They are heavy draught and general purpose horses and are very suitable for farm work.

BARLEY cutting is well under way in most sections of this district, but the weather for the past week has been generally unfavorable for haying or harvesting, as it has been showery. On Monday and Tuesday nights light frosts were reported from some localities, marking but not cutting the potato tops, and therefore not likely to injure wheat. Wheat cutting will commence next week, and is an excellent crop. Oats, which are the principal crop of the district, are lighter than last year, but will be a fair crop.

N. BAWLF, grain dealer of Winnipeg, arrived on Monday's train from Banff on a holiday trip to Edmonton, accompanied by Mrs. Bawlf and children. Mr. Bawlf buys grain extensively in Manitoba and owns a number of elevators. It is not his present intention however to include Edmonton in his operations. The crops at Edmonton he considers very good. As to the quality of Edmonton wheat, he said that a sample he had seen of last season's growth would command within a cent a bushel of the highest market price of the best Manitoba wheat. Mr. and Mrs. Bawlf leave to-morrow for Winnipeg.

A COGHILAN arrived on Wednesday from the Athabasca on horseback. He started on Tuesday morning and reached Riviere Qu Barre the same night. On the way in he met one team with five and another with six miners on their way out. All travellers now take the road out by him from the Pembina to the Athabasca, as it makes the trip much easier and is fairly passable. It does not go through any muskegs and the creeks on it are bridged. It strikes the Athabasca about five miles below Fort Assiniboine. Mr. Coghilan is having a store built at the Athabasca, and will keep a trading post there. It is impossible to state accurately the number of men now on the Athabasca as they are moving about prospecting and waiting for the water to fall, but there must be well over a hundred. Good prospects are found but the water is still too deep to work. W. Alexander and P. Reilly prospected up the Athabasca and about fifty miles up the McLeod, and returned to Fort Assiniboine. Mr. Coghilan will return in a few days.

## NEW ADVERTISEMENTS.

### FLOWER. SHOW TO-NIGHT

In Robertson Hall, in aid of Presbyterian talent fund. Music, Ice Cream and Flowers.  
Admission 10 cents.

J. C. POPE, Chief License Inspector. Dated at Regina this 9th day of August, A. D. 1895.

## BY-LAW No. 103.

A By-Law to provide for the borrowing on the credit of the Municipality at large, the sum of \$403.65 for the payment of certain local improvements made in the year 1894.

WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 1) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 2) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 3) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 4) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 5) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 6) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 7) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 8) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 9) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 10) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 11) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 12) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 13) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 14) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 15) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 16) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 17) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 18) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 19) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 20) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 21) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 22) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be paid, by special frontage assessment upon the lands fronting on the portion of Jasper Avenue whereon the improvement was proposed to be made.

AND WHEREAS, under and in pursuance of the provisions of the Municipal Ordinance in that behalf, a petition (hereinafter referred to as Petition No. 23) duly signed, was presented to the Council of the Municipality of the Town of Edmonton asking that that portion of Jasper Avenue lying between Second Street and Third Street on the Hudson's Bay Company's Reserve, Edmonton, should be graded, and the cost thereof be passed in Council this 19th day of June, A. D. 1895.

## BINDER. TWINE

### W. J. G. DICKSON

Massey-Harris warehouse, Whyte Ave. South Edmonton, is selling Red Cap Binder Twine at 9c. a pound cash or 10c. on approved credit.

EDMONTON BULLETIN, AUGUST 15th, 1895.

## THE PREMIER'S VISIT.

The prospect of an early visit from the premier and minister of interior is something that claims the attention of the people of Edmonton. We have from time to time sent delegations to Ottawa to interview the government on matters connected with our welfare. Now the government—or the principal person in the government—is coming to interview us, on these subjects. At least we may take for granted that that is the object of the visit. True, it is not so stated in the papers. They announce that Mr. Daly's object in coming here is merely to visit the Indians on the reserves around Edmonton and between Edmonton and Battleford. This of course is a mistake. It is not to be supposed for an instant that the premier and the minister of interior would neglect such an opportunity of informing themselves as to the condition of the citizens in this part of Canada, which for the past three years has been the most progressive part of the whole country. We pride ourselves that our well being is as important to the country as that of our neighbors, the Indians, and expect that it will receive quite as much consideration from the distinguished visitors.

We have not had the honor of a visit from the premier before, either in his present or any other capacity, but we have already had the privilege of entertaining—and being entertained by—the minister of interior. During his prospective visit would seem to be a good time to clear up a little misunderstanding that appears to have arisen out of a matter that was very prominently brought to his notice during his former visit—that is the bridge, that was to be but isn't. It will be fresh in a good many people's minds that when Mr. Daly was here before he gave positive assurances of the good will of the government towards the bridge project, and went so far as to say that the next time he visited Edmonton he would cross on the bridge. He will visit Edmonton shortly and the bridge is not yet built, or started. It would be unfair to accuse the government of which Mr. Daly is a member and of which Sir Mackenzie Bowell is premier of bad faith because he promised a bridge which the government has not built. Many things might have occurred to render the fulfilment of the promise impossible or inexpedient. The trouble is that so far as the public are aware nothing of such a nature did occur; and what is worse the course of events could not indicate to an impartial observer that the government honestly desired to fulfil the promise made. Here is a great river which cuts in two at this point the commerce of a great country. Here is a vast agricultural area partly settled and awaiting, settlement the very garden of the Northwest, cut off from the railway by the river, and settlement debarred to that extent. What is the duty of a government charged with the development of the country—claiming no end of credit for its policy of development—in such a case. Clearly to bridge the river, to remove the barrier to commerce and settlement. And what did the government do, after all surveys had been made and all information secured? Voted less than half the cost of the bridge and demanded that the town of Edmonton pay one fourth of the estimated cost in cash before the contract would be let, while the balance of the money was still unvoted? Possibly the minister of interior can explain the reasonableness of this apparently extraordinary demand. He certainly should be given the opportunity. It has been alleged that an offer of this nature was made by the town of Edmonton. Even if it were, that would not justify the taking from Edmonton

what is not asked of any other place in the West. But no such offer was made by the town of Edmonton. Some years ago a public meeting held in Edmonton passed a resolution favoring aid by the town if the bridge was built within a certain time. But the bridge was not built within the time, therefore that offer—if it could be considered an offer—has lapsed by process of time.

This town has spent a good deal of money in trying to get its case before the Ottawa government. When the premier is here is the chance of a thousand for the case to be made plain. It is to be hoped that the town council will take the matter in hand and see that before the premier and minister of interior leave they have as clear an idea of what the whites of this country require as they expect to get of the requirements of the Indians.

## PRIZE NOTES.

T. Hourston took 1st for animals heads, mounted.

R. Secord, Edmonton, took 1st for dressed buffalo robe.

St. Albert school was awarded a diploma for penmanship.

C. de Cazes, Edmonton, took 3rd for home-made wine.

Pommerleau & Bourre, of Battleford, took 3rd on creamery rolls.

R. McKernan, South Edmonton, took 1st for half bushel timothy seed.

G. J. Kinnaird, of the H. B. Co., Edmonton, took 1st for buffalo coat.

Thos. Henderson, South Edmonton, took 1st for 10-lb. extracted honey.

Mrs. H. Wilson, South Edmonton, took 2nd prize for painting on silk or satin in oils.

J. S. Crerar, for the Yorkton creamery, took the sweepstakes for the best butter shown.

The exhibit of grain of '95 in sheaves by South Edmonton agricultural society was highly commended.

D. Ross, Edmonton, took 2nd prize on early cabbage, 1st being taken by the Qu'Appelle industrial school.

C. W. Mathers, Edmonton, took 1st for cabinet photos. on aristo paper. W. E. Wing, of Calgary, 2nd.

W. H. McMahon, South Edmonton, took 2nd prize for original water color paintings, and 1st prize for water color copies.

South Edmonton agricultural society took 1st and 2nd for collection of cultivated grasses, not less than six varieties.

C. W. Mathers also took 2nd prize for best collection of twelve views, the first being taken by Steele & Co. of Winnipeg.

The prize for the best 25 bushels red fife wheat grown in Manitoba or the Territories went to C. H. Bonesteel, of Kenia, Assa.

The prize for the best collection of native grasses in the Territories was won by J. Balfour, of Lumsden, in the Qu'Appelle valley with John Martin of the same place second.

Indian Head agricultural society took the inter-provincial district prize for the best collection of grains, not less than six varieties nor less than two bushels of each variety.

The prize won by Miss Irwin, of Agrioola, was offered for 20lb. firkin dairy butter made by farmer's daughter under 17 years of age. Miss Hudson, of Cardston, took second prize.

In creamery butter, firkins of 100-lb., a Manitoba creamery took first, Yorkton, Assa took second, Dewdney, Alberta, 3rd and Wolsley 4th. The Dewdney creamery was only started last spring.

## GENERAL NEWS.

Whooping cough is prevalent in Macleod, and the summer holiday's of the school are extended in consequence.

The Ontario government has leased its central prison binder twine factory, but will control the price of the output.

The Cardston settlers captured prizes at the recent Regina exhibition in the dairy classes and in fancy work, needle work and painting.

The widow of the great showman, P. T. Barnum, has married a Greek according to the rites of the Greek church and will live in Greece.

R. Powell, of the Blindman settlement, was found dead in his wagon on the Edmonton trail three miles north of Innisfail on Aug. 10th.

This is the best year Canadians have made at Bisley. It is the first time a member of the team took the Queen's prize, and the team won more prize money than any previous Canadian team.

Winnipeg Tribune August 10: There was never a more hopeful aspect around the Grain Exchange than at the present time. Yesterday's cold spell frightened some people, and a report to the effect that the glass at Brandon had registered five degrees of frost, whether true or false, caused a little consternation for a time, until a favorable report from the Washington weather bureau, indicating warmer weather for to-morrow was received. From the advices of country agents harvesting of wheat will be general throughout the province next week, but there is an opinion prevalent that no matter how favorable the weather may be, it will be impossible to get in all the crop without injury. The yield is so enormous that the work of harvesting acre per acre is so greatly increased that all calculations will be upset. However even if frost came to-night, the farmers would receive double the returns they got last year from their land and with a continuation of fine weather they should have four times as much money out of their crops as they got last year. It is generally believed that the prospects for safely garnering 80 per cent of the wheat crop are good at present. A report received by a prominent grain man says that the hail storm at Melita was merely of local character, but a more serious one is reported from Indian Head, where 1,500 acres of grain have been ruined. On the whole, however the hail

storms have kept away well comparatively, and the season in this regard promises to be favorable.

Tribune, Winnipeg: No less than four private cars are at present engaged in conveying Dominion cabinet ministers of the crown over the railways of the country. It may be that the ministers, who are using these cars, are paying for them, but it is very doubtful if this is the case. A correspondent writing from Ottawa says: "The latest family (cabinet) quarrel has been over the allotment of the government's palace cars to the ministers who have decided to take an outing. As there was not quite enough cars to go around there was a grand scramble to see who would get possession first. You know it is one of the snaps of office for a cabinet minister to be able to jaunt about the country with his family in one of the government palaces at your expense. He draws aside the damask curtain as he speeds along and through his car window points you out in the hay field to his children as the sucker who is paying for his fun."

Macleod Gazette: In failing to grant a pension to the widow and family of the late Col. Macleod, the government has written itself down as not having the courage of its convictions; it has done dishonor to the fair name and fame of Canada and it has failed to do the simplest act of justice to the memory of the man to whom the country owes a tremendous debt of gratitude. In proof of the first assertion, it is only necessary to state that the government in answering the prayer of the petitioners, acknowledged the eminent public services of the late Col. Macleod, but regretted, etc., etc. In other words, they acknowledged the debt, but refused to pay it, 1st, because it might create a precedent, and they might have to pay other debts, 2nd, because they were afraid of opposition from the grits. To their credit be it said, many of the leading liberals expressed themselves as favorable to the pension, and it has again and again been pointed out that no precedent could be established because the circumstances could never be duplicated.

LACOMBE LINKS.  
MARRIED.  
Tucker—Dew—On August 5th, 1895, at the Methodist parsonage, Lacombe, by the Rev. Mr. Chegwia, Mr. Wm. Tucker to Miss Dew, of Guelph, Ont.  
Pickering—Innis—On August 5th, 1895, at the Methodist parsonage, Red Deer, by the Rev. Mr. Lock, Mr. Elgin Pickering to Miss Mary Innis, both from near Lacombe.  
McCue—Robinson—On August 7th, 1895, at the residence of the bride's parents near Ponoka, by Rev. Mr. Morrow, Mr. John McCue to Miss Robinson, both of Ponoka.  
Dren—Hampsen—At Gull Lake, on Aug. 3rd, 1895, James Hampsen, aged six years.  
The little daughter of Mr. Tollman, between one and two years old, was taken very ill about a week ago with something like a sun stroke and it was thought for a time that she could not get well, having been unconscious until yesterday, when she gained consciousness and seemed to take a turn for the better. Mrs. Tollman was taken down from over exertion in caring for the little one, but is recovering.  
Mr. Jamieson, brother of Mr. Geo. Jamieson, has been engaged to teach at Sprucedale school, and has entered upon his duties.  
Several settlers have come in by trail during the last week or two.  
Mr. Archie Chisholm, who has been staying here for the past year or so with Mr. J. W. Johnston, returned home to Prince Edward Island last Monday.  
Commandant Booth and party arrived here on Monday last, the 5th inst., having visited different parts of the country since landing at Edmonton the previous week, and seemed best pleased with the country up the Blindman river, 15 or 20 miles west of here, of any they had seen in Alberta.  
We are informed that a Mr. Shun from the coast, formerly an Ontario man, is about to start a saw mill on the Blindman river not a great way from here.  
Morris & Co. are having a good sized frame stable built in the rear of their store. They have also just completed an addition to the store with another good sized cellar under it.  
Two brothers by the name of Doharty, from Carlton Place, Ont., who came as far as Red Deer by last train, have been stopping here at Mr. Jno. Beattie's, and will go to Edmonton to-day and stop here again tomorrow. They intend going back as far as Manitoba and returning to Lacombe again in the fall.  
Our school opened here again to-day after the long summer vacation.  
Dr. Robertson, moderator of the Presbyterian church of Canada, is expected on to-day's train, and there will be a congregational meeting held in the school house to-night. The new church is now being roofed in and it is expected to be ready to open on September 1st.  
We have just seen a small section of honey brought in by Mrs. Thacker of Gull Lake, daughter of Mr. Mobley. She brought in five hives last spring by express. She now has ten hives, having lost one swarm, and has about 150 lbs. of honey for sale now. The honey is of excellent quality and she says she never saw bees make honey faster. Mrs. Thacker is an experienced hand in the bee business and expects to do well with them here.  
Mr. W. G. Hutchison is starting a general store at Lamerton P.O., Buffalo lake, in Mr. Breden's old stand.  
Aug. 12th, 1895.

THE SALVATION ARMY DELEGATES.  
A Free Press reporter asked Commandant Booth on his return to Winnipeg from Edmonton, "what part of Alberta did you principally inspect?" He replied: "From away north of Edmonton, east and west to the southern Red Deer belt. Truly a magnificent country" exclaimed the commandant. "It resembles England more than any part of the world I have seen. Its park-like expanse, green terraces sloping down to river banks and lake fronts, the beautiful bluffs resting on hill sides, cannot be equalled in the world out side of New Zealand. The climate resembles England very much." "Are there many settlers there?" "We drove four miles one week and never saw any. I think that the settlers the Salvation Army would bring to their settlement could surpass many farmers we notice in other parts. The cry of paupers, jail birds, criminals, waifs, etc., raised against our theme is all nonsense. We would bring over men and women who would be a credit to the land of their adoption and who would soon make the waste places glad with the harvest."  
"And will the general decide quickly in this matter?"  
"Not hastily, but no time will be lost, and I think a decision will be made in September. If Alberta is selected I shall return west in October as I desire to go again over the country before the winter sets in."

GENERAL NEWS.  
Eighteen acres of wheat was cut at Oak lake, Man., on August 3rd.  
Robert Fox, of Longlake, Assa., eleven years of age, was drowned on Aug. 3rd while bathing in a slough with his brother.  
Premier Bowell being asked by a reporter at Vancouver, last week about the school question, replied: "As to that we hope that an amicable arrangement will be arrived at. Lieutenant Governor Schultz, of Manitoba, will be here tomorrow, when he will take the opportunity to confer with me on the subject."  
The Kingston Daily News says: "Does Manitoba want to be whipped into subjection by force of arms? Is it aching for a third Northwest expedition? Then let it continue to insult the Dominion government, and call in question the jurisdiction of the Imperial privy council. Greenway on his ankh would collapse as quickly as Riel before an army representing the British Empire."

Intelligence from the French shore of Newfoundland brings details of an exasperating outrage upon British subjects by an English warship at the instigation of French fishermen. The warship Pelican forced a party of Newfoundland fishermen to leave a fishing harbor on the French shore because the French wanted it. The Newfoundlanders had to abandon the fishery altogether. They claim indemnity from the Imperial government. The people here are very indignant, though such backdowns on England's part are of yearly occurrence.

The latest report from Market lake, Idaho, the scene of the recent alleged Indian rising is as follows: It has been discovered that the robbery of houses, broken into in the upper part of the valley, and charged to Indians, was committed by six men belonging to the rescuing party of fifteen, who came from Lander to assist the settlers. The offenders were followed thirty-five miles and caught, and the stolen property recovered.

Prince Albert Times: Capt. Smith's yacht is nearly completed and will, we suppose, be launched very shortly, within two or three weeks at the farthest. The captain intends christening her the "Northern Belle," which to our way of thinking is a most appropriate name, as we think her the finest model of a boat we have ever seen either in Manitoba or the Northwest. So far as beauty is concerned she fills the bill, but we trust that in addition to that she will be remunerative to her owner from a pecuniary stand point.

Free Press Aug 10: Local grain men gathered in groups at the Exchange this morning and discussed the weather. Many countenances bore an anxious and gloomy aspect, but the favorable reports bulletined, indicating that there was no frost last night, and that the forecast for to-day and Sunday predicted warmer weather, soon dispelled the gloom and restored the usual humor of the various parties. The air was chilly last night, particularly so from midnight to 3 o'clock this morning, but the wind prevailing, was favorable and calculated to keep off frost, and gradually veered to the southwest, which is generally accepted as indication of a warm spell.

## BY-LAW No. 107.

A By-law to provide for borrowing on the credit of the municipality at large the sum of \$3630.00.

Whereas for the purpose of permanently improving and benefiting the town, the Municipal Council has incurred debts as follows:  
Cost of and incidental to the extension of Cliffe street to the lower ferry, \$ 758 50  
Costs of and incidental to the extension of McLaughlin street, 1491 50  
Costs of and incidental to obtaining better railway and general traffic facilities for the town, 1350 00  
Making a total of the sum of \$3630 00

And whereas it is expedient to borrow the said sum of \$3630.00 for the purpose of paying the said indebtedness, and for that purpose to issue the debentures of the municipality whereof the principal shall be payable within twenty years from the date whereon this By-law shall take effect, and the interest thereof shall be payable half-yearly at the rate of six per cent. per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount to be raised annually by special rates for payment of the said debt by means of a sinking fund as aforesaid, and the amount of interest thereon, is \$330.00.

And whereas the amount of the whole of the rateable property according to the last revised assessment roll is \$267,868.00.

And whereas the amount of the existing debt of the municipality outside of the debt due for the current expenses of the year, is \$34,362.23, incurred in respect of local improvements, and \$24,700.00 incurred in respect of permanent improvements, whereof no part is in arrears.

And whereas the special rate on the dollar on the rateable property in the municipality according to the last revised assessment roll required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the payment of the principal is thirty-five one-hundredths of a mill.

Therefore the Mayor and Council of the Municipality of the Town of Edmonton in council assembled, enact as follows:

1. This By-law to take effect on the 2nd day of September, 1895.  
2. The Mayor and Clerk of the Municipality may borrow upon the credit of the Municipality the said sum of \$3630.00, and may execute and issue debentures of the Municipality to that amount in sums of not less than \$500.00 each, repayable within twenty years from the said second day of September, 1895, with interest at the rate of six per cent. per annum, payable half-yearly; such debentures to be payable at the office at Edmonton of the Treasurer of the Municipality, and to have attached to them coupons for the payment of interest.  
3. For the purpose of paying the amount which shall be required to be raised annually for paying the said interest, and creating an equal yearly sinking fund to set apart for the payment of the said principal sum of \$3630.00, a special rate of thirty-five one-hundredths of a mill in the dollar over and above all other rates and taxes shall be levied, (in the same manner and at the same time as the general municipal taxes) upon the whole rateable property of the municipality in each year for the period of twenty years, being the period during which the said debentures will run and within which the debt created thereby is to be discharged.  
4. Friday, the 30th day of August, 1895, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the Town Clerk, Edmonton, is hereby fixed as the day and hour and place for taking the votes of the electors for and against the By-law.  
5. A. G. Randall is hereby appointed as Returning Officer, and St. George Leitch, Deputy Returning Officer to take the votes at the said time and place.  
6. Friday, the 30th day of August, 1895, at the hour of six o'clock in the afternoon at the office of the Town Clerk, Edmonton, is hereby fixed as the time and place when and where the Returning Officer will sum up the number of votes given for and against this By-law.  
Provisionally adopted in council this 7th day of August, 1895.

C. F. STRANG, Acting Mayor  
[L. S.] A. G. RANDALL, Town Clerk

Public notice is hereby given that the foregoing is a true and correct copy of a proposed By-law which will be taken into consideration by the Council of the Municipality of the Town of Edmonton after being voted on by the electors of the Municipality; that the date of the first publication of the said proposed By-law and of this notice, appended thereto, in the Edmonton Bulletin, a public newspaper published in the said Municipality, is the 5th day of August, 1895; and that the votes of the electors will be taken thereon at the office of the Town Clerk, Edmonton, on Friday, the 30th day of August, 1895, from the hour of nine o'clock in the forenoon to five o'clock in the afternoon, and that a poll will then and there be taken for that purpose.

A. G. RANDALL, Town Clerk.  
S1-96

HURRAH!

## Wetaskiwin to the Fore

And asking for entries for a Novelty Race to be held at Wetaskiwin in September (exact date given later) on twenty-five miles, each man entering to have five horses owned by himself, the riders to be catch weights, but one rider must ride the whole distance, changing horses every 15 miles or less, but not more; the horse to be ready for rider with or without saddle at owner's option every 15 miles. Entrance fee \$10 for five horses, for a purse of \$150 for first, and second to receive double his entrance money.

## MORTGAGE SALE

OF VALUABLE

## Farm Property!

Pursuant to the order and direction of the Honorable Justice Rouleau and under and by virtue of a certain registered mortgage made in pursuance of the Territorial Real Property Act and amendments thereto, which mortgage will be produced at the time of sale, there will be offered for sale by public auction on

SATURDAY, THE 17th DAY OF AUGUST, 1896, at Robertson Hall in the Town of Edmonton, at the hour of 2 p.m. the following property, viz: The northeast quarter of section fourteen (14) in Township fifty-two (52), Range twenty-seven (27), west of the fourth principal meridian, in the District of Alberta.

The above property is situated on the Stony Plain road and is known as the farm of Peter McPherson. It has valuable buildings upon it and other improvements. Terms and conditions of sale and further particulars and descriptions of the property will be made known at the date of sale or on application to S. S. & H. C. TAYLOR, Vendor's Advocates. W. E. ROBERTSON, Auctioneer.

## HOTEL ARRIVALS.

## TOWN COUNCIL.

WEDNESDAY, Aug. 14th

Communications were received from the Edmonton Herald asking for a share of the town printing and advertising. S. S. & H. C. Taylor offering a block of 150x310 feet between the new school site and the Methodist parsonage, with 50 feet access from Jasper avenue for \$2,500, or 75 feet access from Jasper avenue for \$3,500. Petitions from citizens for a sidewalk from Robertson hall on the south side of Jasper avenue to the corner of Cliffe street.

Picard—Cameron. That the clerk be instructed to give a fair proportion of the job printing of the municipality to the Edmonton Herald.

Cameron—Bellamy moved the adoption of the report of the finance committee.

The report of the medical health officer was read.

Bellamy—Picard. That the report of the health officer be referred to the several committees for action.

## THE ATHABASCA.

The Athabasca is furnishing a Black Hills excitement on a small scale in this district, and not on such a very small scale either. For the past month at least teams have been striking out every day or two for Lac la Poudre, and now that there is a road all the way to the Athabasca and the time has come for the river to fall so that mining is practicable with profit, the rush is increasing. And strange to say very few are returning. In this case as in many others no news is good news, for where men are rushing to any certain place under stress of excitement there are many ready to turn back on slight excuse. Where none come back except to fit out for another trip, the prospects must certainly be satisfactory. It is only one of the continually strange features of gold mining that this strike has been made with in such easy reach of the Saskatchewan after mining had been carried on here for the past 30 years, and on a stream which both below and above the location of the strike, at the Jasper house trail and at the Landing, has been crossed scores of times and prospected by practical miners. The majority of the miners coming to the Saskatchewan from British Columbia in the early days came by the Jasper house and crossing the Athabasca on the way would naturally prospect for gold. The Landing below the gold finds has been an important trading point for many years, and gold could scarcely exist in that vicinity in paying quantities without having been discovered. No doubt the fact that the river was barren of gold both above and below was what caused it to be neglected in the middle distance where the gold really was. The old H. B. trading post of Fort Assiniboine, which stood right in the heart of the gold find, has been abandoned for many years and the trail leading to it as well as that there was nothing to draw attention to that part of the river, and it was only by chance, it may be said, that the secret was discovered last fall by K. Brewster who had gone out to trade and trap. The successful work this spring of Brewster, Sandison and Alexander established beyond question the existence of profitable washings, but the extent of those washings is yet a matter of surmise. Once the river falls, with the number of men now waiting to get to work, it will be settled very definitely before winter. For the present the Saskatchewan seems likely to get a rest for a while, except for the mining machines.

The Athabasca is the main stream of the great Mackenzie. It rises in the heart of the Rockies, and after flowing north between two of the ranges for about 100 miles breaks out to the eastward through the Jasper pass about 200 miles west and a little south of Edmonton. From there it flows in a general north-easterly course for about 200 miles to a point nearly due north of Edmonton where it receives from the northwest the Lesser Slave river. After leaving the mountains it receives from the north the Baptiste river and from the south the McLeod and Pembina, before it is joined by the Lesser Slave river. From that point it flows south eastward about 80 miles to the Landing and then bends almost due north, which is its general course for the rest of its length. From the mountains to the Landing it keeps something the same direction as the Saskatchewan, from which it is about 100 miles distant in that part of its course. Gold has long been known to exist in the McLeod, tributary of the Athabasca, which is crossed by the Jasper trail, but the finds were not valuable enough to excite any great attention. It is possible, however, that the McLeod is the feeder which carries the gold to the Athabasca. And again some other source of the gold may be found. Last summer stories were circulated by an exploring party that went to the mountains of course gold having been found in the McLeod of some similar stream. The gold of the Athabasca differs slightly from that in the Saskatchewan, being a little finer and therefore worth a fraction per ounce more. It is also somewhat heavier and therefore a little easier to save when being washed from the sand.

## BIRTHS.

FORBES—At Moray Cottage, Fort Saskatchewan, on the 4th inst., the wife of Jno. F. Forbes, of a son.

## LOCAL.

JOHN ROSS, Indian agent at Saddle Lake, is in town.

W. A. For returned from Regina on Monday's train.

Mrs. C. G. Ross, and little daughter, of Innisfail, are visiting Mrs. J. D. McBride.

P. McCALLUM returned from Regina on Monday's train with his dog team from Lac la Biche.

T. W. MARTIN arrived from Moose Jaw on Monday's train to teach school at Fort Saskatchewan.

W. GARIEPY, son of J. H. Gariepy, of Gariepy & Chenier, leaves to-morrow for Montreal to spend three years at college.

REV. JAS. ROBERTSON and Rev. C. W. Gordon will arrive to-morrow. Meeting in the Presbyterian church to-morrow evening.

THE residence formerly occupied by W. G. Ibbotson on College avenue, has been purchased by R. Ritchie of South Edmonton.

THE Edmonton Saw Mill Company has assigned to G. T. Bragg. The creditors meet to-morrow at the office of the clerk of the court.

MRS. SCOTT and four children arrived from Winnipeg on Monday's train and went north to the Landing on Wednesday evening to join Mr. Scott in the Mackenzie river district.

TWELVE commercial travellers hit Edmonton together on Thursday's train of last week and six on Monday's train. The wholesalers evidently think there is some business to be done in Edmonton.

A LARGE party of miners were in town on Wednesday from South Edmonton outfitting for the Athabasca. The following will start from South Edmonton this week: Wm. Leggett, J. Lounsbury, T. Bennett, J. Elliott, Wm. Schatz, M. Velge, Hunt, Morrison, H. McLean, R. Turnbull, Jas. McMunn, H. Goshin, W. Wilkin, McCurdy, Napp, Post, McLean, McLellan, Owen, Bell, Robinson, and others.

A SURPRISE party numbering about thirty of the friends of Mr. and Mrs. J. H. Gariepy took possession of their residence on Monday evening, the occasion being the birthday of Miss Gariepy and the prospective departure of Mr. W. Gariepy for Montreal. Complimentary addresses suitable to both occasions were presented to Miss and Mr. Gariepy, to which Mr. Gariepy replied in fitting terms. Music, singing and other amusements followed and a most enjoyable evening was spent.

THE town council sat as a court of revision last evening in the council chamber to hear appeals against the assessment. There was a large crowd of appellants present—each with blood in his eye. Twenty-seven appeals were heard but none were decided. The court will sit again in the council chamber on Friday evening. The appeals are taken up in the order in which they were received. A fruitful cause of appeal is the income tax. There are also a great many appeals against over valuation. So far no appeals have been received against under valuation.

A FLOWER show in aid of the talent fund is being held in Robertson hall by several of the ladies of the Presbyterian church. It began yesterday afternoon and will close this evening at 10 o'clock. The hall is arrayed in flowers as it never was before, the product of both house and garden. The display includes some very fine plants, and the arrangement is very tasty. The idea is new in Edmonton, but there could be no more suitable place for such a show, as flowers are abundant here and it taxes the highest skill of the gardener to equal what nature furnishes. Ice cream and music on the piano are added to the attractions of the occasion. There was a large attendance yesterday evening.

## PROMOTION EXAMINATIONS.

THE list of the Northwest pupils, who have passed the high school entrance and promotion examinations recently held in Regina, include the following pupils of Edmonton public school: Passed high school entrance, Miss Edith Bellamy. Passed from standard three to standard four: Robbie Robertson, Mabel Cameron, Stanley Dean, Eva Foster, Maud Lander, John McDougall, Alice McDougall, Mabel McCauley, Mary McCauley, Hattie Oliver, Donald Ross, Mary Tough. Of the candidates, who wrote for teachers' certificates at Edmonton, only one passed: Harriett McCallum of Beaver Lake.

Olive Ross, of St. Joachim's school, B. Asher, Fort Saskatchewan, D. McCallum, of Beaver Lake, and Edna Sutherland, of South Edmonton, passed the high school entrance examinations.

The following pupils in schools in the vicinity of Edmonton passed the examinations for promotion from standard three to standard four.

South Edmonton—D. Bissett, P. Clark, D. Durrand, W. Durrand, A. Ritchie, C. Robolt.

East Edmonton—C. Grummett, W. Inkster, M. Inkster.

Clover Bar—F. Carscadden, E. Keith, E. Ottewill, W. Ottewill, G. Smith, H. Smith.

Poplar Lake—M. McDiarmid, M. Hutchings.

The above list may not be complete as the list published in the Regina papers makes no distinction as to schools, and besides a supplementary list is yet to be published.

## NAMAHO.

J. H. Long will commence cutting barley this week. The showers and cool weather we have had lately have caused the grain to be longer in ripening than was expected. Crops are good.

Rev. J. B. Taylor, who arrived a few weeks ago to take charge of the work here in connection with the Methodist church, is drawing large congregations and appears to be the right man.

Rev. T. C. Carson and wife, from Rochester, N. Y., have been visiting relatives here for the past four weeks and both are delighted with the country. Mr. Carson conducted the service last Sunday afternoon, when the sacrament of the Lord's supper was administered.

The infant son of Mr. and Mrs. Jas. Jenkins, aged about five months, died yesterday and the funeral will take place today. Rev. D. G. McQueen is expected to conduct the burial service.

August 14th, 1895.

Short straw and an early harvest is reported from Prince Albert.

A big push is being made by the railway companies for immigration to Nebraska.

The Kamloops Sentinel believes that there are more horses in British Columbia than are likely to find a market for driving or saddle purposes and suggests the establishment of a cannery to put up their flesh as food.

Victoria B. C., Colonist, Aug. 9: Much satisfaction has been given by the first consignment of Delta butter received, which has retailed at 25 cents per pound. It is a home production and if its quality continues good will be the means of shutting out of the province much of the inferior Manitoba manufacture, now so freely imported. Eggs are stiffening and have advanced owing to scarcity. One of the most important features of the market this week is the big drop in oats and barley. Good crops account for the decrease in prices, farmers being afraid to hold over old grain, for this reason are disposing of it as soon as possible in order to realize good prices. The Colonist quotes eggs retail at 25c to 30c, and butter 20c to 30c. Oats \$26 to \$30 per ton.

## METEOROLOGICAL.

The following temperatures are reported from the Dominion government observatory, Edmonton, for the dates given:

	Max.	Min.
Monday, 12,	64	37
Tuesday, 13,	56	37
Wednesday, 14,	72	35
Thursday, 15,	72	35

Barometer reduced to sea level 29.745.

Rainfall 0.02 of an inch.
